Mayor Gary McCarthy Announces New Requirements for Paving

SCHENECTADY – The City Engineer on behalf of Mayor Gary McCarthy and the City Council would like to announce new requirements for paving in the City of Schenectady which will go into affect beginning June 1, 2013. A Paving Permit will now be required from the Department of Engineering within City Hall for the bituminous asphalt paving of ANY area or section over 25 square feet. This permit will carry with it a fee of \$50.00. As typical with similar City permits, a Certificate of Liability naming the City as additionally insured will be required. Failure to obtain a permit from the City for paving can carry a penalty up to \$500.00 per day. Please plan your work accordingly as permits take approximately 24 hours to process. Additionally, as a reminder to all residents and businesses, it is illegal per the City Ordinance to replace, repair, or modify any existing sidewalk with anything other than concrete, this includes where the sidewalk crosses a driveway. A sidewalk permit is required for this work; failure to comply with City Code can carry a penalty up to \$500.00 per day.
