Date: October 10, 2018

STATEMENT

Mayor Gary McCarthy Statement on \$3 Million Grant for New Boys & Girls Club

“The Boys & Girls Clubs of Schenectady is a fundamental asset to our community, providing vital support to children, teens, and families during critical periods of their lives. This new \$13 million, 39,000 square foot, state-of-the-art facility is an investment in Schenectady's future and a key component of our efforts to improve quality of life for children and families in the Hamilton Hill and Mont Pleasant neighborhoods. We are truly thankful to Governor Andrew Cuomo and Commissioner RuthAnne Visnaukas for their support in making this a reality for our youth.

“With multiple schools nearby, this new facility is one of several ongoing revitalization efforts in the neighborhoods along the Craig Street – Main Avenue corridor, such as new senior and affordable housing, the new Mont Pleasant Branch library, the Electric City Barn makers space.

“As these initiatives increase alternate transportation needs, our Complete Streets Linkage Study in this corridor with the Capital District Transportation Committee will help spur additional revitalization through streetscape and safety improvements, and serve as the basis for future engineering and infrastructure projects in the Hamilton Hill and Mont Pleasant neighborhoods.”
