## INTRODUCTION

This discussion and analysis of financial performance provides an overview of the City of Schenectady, New York's (the "City") financial activities for the fiscal year ended December 31, 2020. Readers are asked to consider this information in conjunction with the City's financial statements.

The financial statements of the City of Schenectady, New York have been prepared in accordance with accounting principles generally accepted in the United States of America with the exception of the following:

*Acquisitions of equipment and capital facilities should be recorded at cost in the balance sheet in a non-current governmental asset account group to account for all land, buildings, improvements and equipment utilized by the City. The City maintains a general fixed assets account group, however it is at insurance appraised values and, as a result, is not in accordance with generally accepted accounting principles.*

Further information can be found in the Notes to Financial Statements.

## FINANCIAL HIGHLIGHTS

In April 2021, Standard & Poor's affirmed the City's general obligation bond A rating with a stable outlook. In January 2021, Moody's Investor Services affirmed the City's general obligation bond A3 rating.

### **General Fund**

- Expenditures of \$84,544,541 exceeded revenues of \$80,856,232 resulting in a deficit of \$3,688,309. Those results included the following:
  - Expenditures were under budget by \$6,596,024.
    - The Mayor instituted a hiring freeze at the start of the COVID-19 National Emergency.
    - In addition, the Mayor and Commissioner of Finance cut all overtime and non personnel budget lines by 20% to help control costs.
    - The Transportation Department was over budget by \$81,483, the main driver of this was the December 17, 2020 snow storm in which the City had over 30 inches of snow.
    - In February of 2020 the City settled the PBA contract. Council Ordinance 2020-4 revised the 2020 budget (through appropriation of Fund Balance) for an increase of \$1,656,650.
- Operational Revenues fell short of the budgeted amount by \$4,826,693.
  - Highlights include:
    - Prior year tax lien collection fell short by \$942 thousand.
    - Interest and Penalties on Real Property tax was under budget by \$773 thousand (these were waived for a good portion of the year).
    - Casino revenue fell short by \$1,593,113 (due to Pandemic closures).
    - NYS AIM revenue fell short by \$560 thousand.

## **FINANCIAL HIGHLIGHTS (Continued)**

### **General Fund (Continued)**

- Property sales fell short by \$368 thousand.
- Sales Tax revenue exceeded the budget of \$13,295,000 by \$117 thousand.
- An audit of the City's energy bills resulted in a net prior year refund of \$598 thousand.

The 2020 General Fund budget called for the combined use of \$5,774,651 in reserve funds and unassigned fund balance. The City used \$3,688,309 of that amount.

Ending Fund Balance was \$10.7 million and was comprised of \$2.7 million of restricted funds, \$1.6 million of assigned funds and \$6.4 million of unassigned funds.

Total Fund Balance decreased approximately 26% when compared to last fiscal year.

Unassigned Fund Balance is 7.2% of the 2021 Adopted Budget.

### **Water Fund**

- Actual total revenues were sufficient to support operations.
- Operations produced a surplus of \$890,173.
- Ending fund balance of \$9.7 million was comprised of \$7 million of restricted funds and \$2.7 million of assigned funds.
- Total fund balance increased approximately 10% when compared to last fiscal year.

### **Sewer Fund**

- Actual total revenues and fund balance were sufficient to support operations.
- Operations produced a deficit of \$167,661 - the City used \$436 thousand in type capital reserves during the year. Otherwise, the City would have had a surplus.
- Ending Fund Balance of \$12.7 million was comprised of \$9.5 million of restricted funds and \$3.2 million of assigned funds.
- Total Fund Balance decreased approximately 1.3% when compared to last fiscal year.

### **Recreation Fund**

- Operations resulted in a surplus of \$148,583.
- Ending fund balance of \$1.0 million was comprised of \$637 thousand of restricted funds, \$394 thousand of assigned funds and \$8 thousand that is unspendable (inventory).
- Total fund balance increased approximately 17% when compared to last fiscal year.

**FINANCIAL HIGHLIGHTS (Continued)**

**The City's Funds**

The table, in millions, that follows illustrates the recent changes in the City's General, Water, Sewer and Recreation funds' balance sheets. The funds, when combined, represent a decrease in fund balance of 7.83%.

## **The City's Funds (Continued)**

The table on the preceding page illustrates the operation of the City's General, Water, Sewer and Recreation Funds, in millions, over a two-year period. Across all the funds represented, Fund Balances remained relatively unchanged. Further details for those funds as well as other City funds are as follows:

### **Governmental**

#### ***General Fund***

This is the chief operating fund of the City. The 2020 operations produced a \$3.7 million deficit. The Actual Total Revenues, excluding Appropriated Fund Balance and Interfund Transfers, fell short of the Total Revised Revenue budget by approximately \$4.8 million and Actual Total Expenditures were under the Revised Total Expenditure budget by approximately \$6.6 million. In the 2020 Adopted Budget, \$5.8 million of Fund Balance was appropriated to support expenditures. Some of these funds were needed to support overall expenditures (\$3.7 million). Regarding expenditures, most departments were within budget due to efficient operations (the exception is Transportation, which was over budget by \$81 thousand, due to the December 17, 2020 snow storm).

During 2020 the City, as planned, used \$39 thousand of its capital project reserve that was funded with previous years' surplus to fund certain of its capital needs instead of bonding. The City anticipates continuance of this practice and with the close of fiscal year 2020 has a capital project reserve of \$1.2 million. The current fiscal year end's Unassigned Fund Balance is \$6.4 million and the Total Fund Balance is \$10.7 million. As a measure of the General Fund's liquidity, the Unassigned Fund Balance is 7.2% of the 2021 General Fund Budget and the Total Fund Balance is 12.8%.

#### **Special Revenue Funds**

##### ***Water***

Operations of the City's water district are reported here. The 2020 operations produced a \$890 thousand surplus.

The current fiscal year end's Total Fund Balance is \$9.7 million, compared to \$8.8 million in the previous year.

## **The City's Funds (Continued)**

### **Governmental (Continued)**

#### **Special Revenue Funds (Continued)**

##### ***Sewer***

Operations of the City's sewer district are reported here. The 2020 operations, including the use of \$436 thousand in type capital reserves, produced a \$167.6 thousand deficit.

The 2020 Year End Restricted Fund Balance includes a capital project reserve balance of \$8.6 million, a reserve for bonded debt of \$648 thousand and a reserve for repairs of \$220 thousand. The current year end's Total Fund Balance is \$12.7 million, compared to \$12.9 million the previous year.

##### ***Recreation***

Operations of the City's golf course are reported here. The 2020 operations produced a \$149 thousand surplus.

The 2020 Year End Restricted Fund Balance includes a capital project reserve of \$631 thousand. The current year end's Total Fund Balance is \$1 million, compared to \$891 thousand in the previous year.

##### ***Miscellaneous Revenue Fund***

This fund is for all other activities that do not fall into the definition of the other funds; the largest of which are as follows:

- Activities related to the Revitalization of the Upper Union Street area. The City implementation of billing and collection of a component of the Upper Union Street Business District annual revenue is represented within this fund.
- Activities related to the City working with the Downtown Schenectady Improvement Corporation (DSIC) on the revitalization of Downtown Schenectady. The City implementation of billing and collection of a component of DISC's annual revenue is presented within this fund.
- Great Flats Aquifer fund - agreement with the Town of Niskayuna as per Note 5B.
- Handicap ADA improvement activities funded from Handicap parking violation tickets.

**The City's Funds (Continued)**

**Governmental (Continued)**

**Special Revenue Funds (Continued)**

***Special Grant Fund***

Reflects accounting of federal, state or local grants wherein expenditures are restricted for a specific purpose. The City managed approximately 35 grants through this fund. The fund's receivables and deferred revenues are largely comprised of loan activities through the Community Development Agency and the Schenectady Housing Development Fund Corporation. The City's direct COVID-19 pandemic costs of \$548,432 are reported in the special grant fund with a receivable from FEMA for the same amount.

**Capital Projects Fund**

Reflects accounting of financial resources used or available for capital facilities or equipment. The fund has a deficit totaling \$28.1 million, which reflects the temporary financing of project costs through the issuance of bond anticipation notes (BANs). The deficit will be offset when permanent financing is issued and/or BAN principle payments are budgeted and paid in the governmental fund(s) responsible for the debt.

**Custodial Fund**

The custodial fund represents fiduciary activities that are not required to be reported in pension and other employee benefit trust funds, investments trust funds or private-purpose trust funds.

**SERIAL BONDS, EFC NOTES, BOND AND TAX ANTICIPATION NOTES (BANs and TANs)**

Serial Bonds mature over time, 2030-2043, and have interest rates ranging from 3.0% to 4.0%. The NYS Environmental Facilities Corporation (EFC) Notes are zero interest and considered short-term until the completion of the underlying project at which point they will be refinanced to long-term. The BANs mature May 07, 2021 with a 1.39-2.0% interest rate. The TANs mature September 30, 2021 with an interest rate of 1%.

The table that follows shows that Total Debt Outstanding has increased by approximately 8.6% when compared to 2019. The City continues to use capital reserves created from surpluses to assist in the funding of its capital projects.

	<u>2020</u>	<u>2019</u>
Serial Bonds	\$ 102,555,000	\$ 106,591,055
NYS EFC Notes	21,033,855	11,673,925
Bond Anticipation Notes	18,615,009	19,125,009
Tax Anticipation Notes	7,000,000	-
Total Debt Outstanding	<u>\$ 149,203,864</u>	<u>\$ 137,389,989</u>

## **ECONOMIC FACTORS**

Economic factors that influence the City's operations include:

- Creation of Mohawk Harbor
  - \$480 million project on a 60-acre waterfront site, hosting:
    - Casino
    - Hotels
    - Apartments and Condominiums
    - Retail and Office Space
- A re-energized Downtown
  - Home to Proctors Theatre and
  - Containing new restaurants and diverse corporations added during the last several years.
- Reliance on state aid
- Rising healthcare and retirement costs
- Distressed housing stock in many neighborhoods
- In March of 2020, the Governor of New York and the President of the United States declared a State of Emergency due to the Coronavirus (COVID-19).
- In March 2021, Congress passes legislation granting state and local governments federal aid (due to COVID-19 pandemic and related downturn). The City of Schenectady is slated to receive approximately \$28.9 million in May 2021 and \$28.9 million in May 2022.

## **CONTACTING THE CITY'S MANAGEMENT**

The City's financial statements are designed to provide all interested parties with a general overview of the City's finances as well as to reflect accountability for all funds/property managed by the City. The address of the City's Commissioner of Finance and Administration is:

**INDEPENDENT AUDITOR'S REPORT**

To the Honorable Mayor and Members of  
the City Council - City of Schenectady  
Schenectady, New York

We have audited the accompanying financial statements of the general fund, water fund, sewer fund, recreation fund, other special revenue funds, capital projects fund, custodial fund and the non-current governmental liabilities account group of the City of Schenectady, New York (the "City") as of and for the year ended December 31, 2020, and the related notes to the financial statements, as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund, water fund, sewer fund, recreation fund, other special revenue funds, capital projects fund, custodial fund and the non-current governmental liabilities account group of the City of Schenectady, New York, as of December 31, 2020, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matters**

As discussed in Note 1, the financial statements present only the general fund, water fund, sewer fund, recreation fund, other special revenue funds, capital projects fund, custodial fund and the non-current governmental liabilities account group and do not purport to, and do not present fairly the government-wide financial position of the City as of December 31, 2020, or the changes in its government-wide financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

As discussed in Note 1, the City adopted the Governmental Accounting Standards Board's Statement No. 84, *Fiduciary Activities*, as of and for the year ended December 31, 2020. Our opinion is not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information on pages 1-8 and 61-67 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards on pages 73-74 is presented for the purpose of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 7, 2021, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Cusack & Company, CPA's LLC". The signature is written in a cursive, flowing style.

## **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Schenectady, New York (the City) has prepared its general, water, sewer, recreation, other special revenue, capital projects, custodial funds and the non-current governmental liabilities account group financial statements in accordance with accounting principles generally accepted in the United States of America as applied to government units (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing GAAP for state and local governments through its pronouncements (Standards and Interpretations).

The City does not comply with GASB Statement No. 34, which requires the City to present the government-wide financial statements on a full accrual government-wide basis as well as the fund basis. The financial statements present only the general, water, sewer, recreation, other special revenue, capital projects, custodial funds and the non-current governmental liabilities and do not purport to, and do not present fairly the financial position or changes in financial position of the City.

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

### *A. Financial Reporting Entity*

The City of Schenectady was incorporated in 1789 and is governed by the City Charter, other general laws of the State of New York and various local laws and ordinances. The City Council, which is the legislative body of the City, consists of seven council members. The Mayor serves as chief executive officer and the Commissioner of Finance and Administration serves as the chief fiscal officer of the City.

The City provides the following basic services: police and law enforcement, fire protection, maintenance of city streets, water and sewer utilities, parks and recreation programs, health services and refuse and garbage services.

GASB Statement No. 61 defines the financial reporting entity for the City to include all funds, account groups, agencies, boards, commissions and authorities where the elected officials (the Mayor and/or the City Council, respectively) are financially accountable and for which a financial benefit or burden relationship exists. The following terms are used to describe the components of a reporting entity:

- Primary Government

A legally separate state, general purpose local or special purpose government with a separately elected governing body. It must be fiscally independent of other primary governments.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*A. Financial Reporting Entity (Continued)*

- Component Unit

A legally separate organization for which the elected officials of the primary government are financially accountable. Also the primary government is able to impose its will on the component unit, or there is a potential for the component unit to provide a financial benefit or incur a financial burden on the primary government.

As required by GAAP, the financial statements include the City of Schenectady as the primary government and its blended component units. The blended component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationships with the City. Blended component units have been included in the other special revenue funds of the City.

Operational or financial responsibility is determined on the basis of financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

- Blended Component Units

The City of Schenectady Community Development Agency ("CDA"), a legally separate entity, is governed by a board appointed by the City Council. The CDA is reported as if it were part of the City's operations because its sole activity is to administer federal funds received by the City for urban renewal. The CDA has been included in the City's Special Grant Fund since it was established.

The Schenectady Urban Renewal Agency ("SURA") is governed by a board that consists of the members of the City Council of the City of Schenectady and the Mayor of the City of Schenectady. The SURA was formed to undertake activities which benefit the City of Schenectady, and influence is assumed due to the composition of the board.

The SURA blended component unit's financial statements were audited as of and for the year ended December 31, 2020 by other auditors whose report expressed an unmodified opinion.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*A. Financial Reporting Entity (Continued)*

• Blended Component Units (Continued)

The Schenectady Housing Development Fund Corporation (“SHDFC”) provides down-payment loans to low and moderate income people to purchase homes within the City of Schenectady. The initial funding comes from the CDA. The board is comprised of the Mayor of the City of Schenectady and two Schenectady City Council members who then elect eight other members. The day-to-day operations are performed by City of Schenectady personnel.

The SHDFC blended component unit’s financial statements were audited as of and for the year ended December 31, 2020 by other auditors whose report expressed an unmodified opinion.

*B. Excluded from the Financial Reporting Entity*

The following potential component units have been excluded from the financial statements based on the criteria established by GASB 61.

a. Municipal Housing Authority (“MHA”)

The Housing Authority of the City of Schenectady (“MHA”) is organized under the laws of the State of New York by the City of Schenectady for the purpose of providing adequate housing for qualified low-income individuals. To accomplish this purpose, the City appoints a Governing Board for five-year staggered terms but the Board designates its own management. Additionally, the MHA has entered into annual contracts with the U.S. Department of Housing and Urban Development (“HUD”) to be the administrator of the housing and housing related programs.

The MHA is considered to be a potential component unit because five of the members are appointed by the Mayor of the City of Schenectady, and the MHA must receive City Council approval to expand their operations. Additionally, all assets and operations can revert to the City after 40 years, if the City Council chooses to assume operations.

The MHA is not considered a component unit and, therefore, not included in the reporting entity as the day-to-day operations are independent of City personnel. The MHA’s financial statements can be obtained from City Hall, Schenectady, New York, 12305.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*B. Excluded from the Financial Reporting Entity (Continued)*

b. City of Schenectady Industrial Development Agency

The City of Schenectady Industrial Development Agency (“IDA”) was created in 1977 by the City Council of the City of Schenectady under the provisions of Chapter 783, Section 856.1-a of General Municipal Laws of New York State for the purpose of encouraging economic growth in the City of Schenectady. The IDA is a separate entity and operates independently of the City of Schenectady.

The IDA is not considered a component unit and, therefore, not included in the reporting entity as the day-to-day operations are independent of City personnel. The IDA’s financial statements can be obtained from City Hall, Schenectady, New York, 12305.

The following organizations are also excluded from the reporting entity.

c. Schenectady City School District

The Schenectady City School District was created by State legislation which designates the school board as the governing authority. School board members are elected by the qualified voters of the District. The school board designates management and exercises complete responsibility for all fiscal matters. The City Council exercises no oversight over school district operations.

d. Land Reutilization Corporation of the Capital Region

The Land Reutilization Corporation of the Capital Region (the “Land Bank”) was incorporated in June 2012. The Land Bank was organized and operates as a not-for-profit corporation under the provisions of Article 16 of New York’s Not-For-Profit Corporation Law and the Intergovernmental Cooperation Agreement by and between participating foreclosing governmental entities.

The Land Bank was created by three governmental entities: The City of Schenectady, the County of Schenectady and the City of Amsterdam. The governments will make foreclosed properties available to the Corporation with remuneration being made in the future as the properties are sold, based on a profit margin sharing formula.

Since the City of Schenectady does not appoint a majority of the board members to the Land Bank, and the Land Bank is not financially dependent on the City of Schenectady, the Land Bank is not considered a component unit to be reported in the City financial statements.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*B. Excluded from the Financial Reporting Entity (Continued)*

d. Land Reutilization Corporation of the Capital Region (Continued)

The Land Bank is currently operated under contract by Schenectady Metroplex Development Authority and the 2020 financial statements have been audited by an independent CPA firm engaged by the Land Bank. The Land Bank's financial statements can be obtained from Schenectady Metroplex Development Authority, 433 State Street, Schenectady, New York, 12305.

*C. Basis of Presentation*

The accounts of the City are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for within a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The following fund types and account group are used:

1. Governmental Funds

Governmental funds are those through which most governmental functions of the City are financed. The acquisition, use and balances of the City's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus of the governmental funds is based upon determination of financial position and changes in financial position. The following are the City's governmental fund types:

*General Fund* - The general fund is the principal fund and includes all operations not required to be recorded in other funds.

*Special Revenue Funds* - Used to account for the proceeds of specific revenue sources that are legally or otherwise restricted to expenditures for specified purposes. The Special Revenue Funds are:

**Water Fund** - used to account for water district operations.

**Sewer Fund** - used to account for sewer district operations.

**Recreation Fund** - used to account primarily for golf course operations and other similar operations.

**Other Special Revenue Funds** - used to account for federal, state or local grants that are legally restricted to expenditures for a specific grant purpose.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*C. Basis of Presentation (Continued)*

1. Governmental Funds (Continued)

*Capital Projects Fund* - Used to account for financial resources to be used for the acquisition or construction of major capital facilities and equipment.

2. Custodial Fund

The custodial fund represents fiduciary activities that are not required to be reported in pension and other employee benefit trust funds, investments trust funds or private-purpose trust funds.

3. Account Groups

Used to establish accounting control and accountability for non-current assets and liabilities. Account groups are not “funds.” They are concerned with measurement of financial position and not results of operations.

*The Non-Current Governmental Assets Account Group* is used to account for land, buildings, improvements other than buildings, and equipment utilized for general government purposes. The City does not report the non-current governmental assets account group as historical records of fixed assets at cost have not been maintained. As the City has not reported the non-current governmental asset account group, the financial statements, as presented, are not in accordance with accounting principles generally accepted in the United States of America.

*The Non-Current Governmental Liabilities Account Group* is used to account for general obligation bonds and other forms of long-term debt not required to be recorded in other funds. The bonds are backed by the full faith and credit of the City and are supported by general revenues to be provided for in future budgets.

*D. Basis of Accounting/Measurement Focus*

Basis of accounting refers to when revenues and expenditures and the related assets and liabilities are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus. Measurement focus is the determination of what should be measured.

Modified Accrual Basis - All governmental funds are accounted for using the modified accrual basis of accounting. Under this basis of accounting, revenues are recorded when measurable and available. Available means collectible within the current period or soon enough thereafter, within one year, to be used to pay liabilities of the current period with the exception of property taxes, water and sewer rents in which a sixty day collection period is utilized.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*D. Basis of Accounting/Measurement Focus (Continued)*

Material revenues that are accrued include state and federal aid and certain user charges. If expenditures are the prime factor for determining eligibility, revenues from federal and state grants are accrued when the expenditure is made unless it will not be received within one year after the fiscal year has ended.

Expenditures are recorded when the fund liability is incurred except that:

- a. Principal and interest on indebtedness are recognized as an expenditure when due.
- b. Compensated absences, such as vacation and sick leave which vest or accumulate, are charged as an expenditure if anticipated to be paid with available current resources.
- c. Non-current governmental liabilities are recorded at the par value of the principal amount; no liability is recorded for interest payable to maturity.

*E. Property Taxes and Collections*

City property taxes are levied annually on January 1<sup>st</sup> on real property in the City. The annual levy includes City and County taxes, water and sewer rents, and delinquent metered charges for water and sewer. The Schenectady City School District returns its delinquent taxes to the City for collection. The City assumes the responsibility of collection of all unpaid taxes.

*F. Budgetary Data*

1. Budget Policies - The budget policies are as follows:

- a. No later than October 1, the Mayor submits a tentative budget to the City Council for the fiscal year commencing the following January 1. The tentative budget includes proposed expenditures and the proposed means of financing for all governmental funds, except for the Downtown Schenectady Improvement Fund, Miscellaneous Special Revenue Fund and the Special Grant Fund.
- b. After public hearings are conducted to obtain taxpayer comments, but no later than November 1, the City Council adopts the budget.
- c. The Commissioner of Finance and Administration, with the approval of the Mayor, is authorized to transfer certain budgeted amounts within departments; however, all revisions that alter appropriations of any department or fund must be approved by the Mayor and City Council.
- d. Budgetary controls are established for the capital project fund through resolutions authorizing individual projects and a capital program budget which remains in effect for the life of the project.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*F. Budgetary Data (Continued)*

2. Encumbrances

Encumbrances are reservations of fund balance for outstanding purchase commitments. Expenditures for such commitments are recorded in the period in which the liability is incurred.

3. Budget Basis of Accounting

- a. Except as indicated below, budgets are adopted annually on a basis consistent with accounting principles generally accepted in the United States of America. Appropriations authorized for the current year are increased by the amount of encumbrances carried forward from the prior years.
- b. Budgetary controls for the Special Grant Fund are established in accordance with applicable grant agreements which generally cover a period other than the City's fiscal year.
- c. Budgetary controls for the component units are established in accordance with internal policies and applicable grant agreements which may cover a period other than the City's fiscal year.

*G. Departure from Accounting Principles Generally Accepted in the United States of America*

Acquisitions of equipment and capital facilities are appropriately recorded as expenditures in the various governmental funds of the City. These acquisitions should also be recorded in the balance sheet in a non-current governmental assets account group, as required by accounting principles generally accepted in the United States of America, to account for all land, buildings, improvements and equipment utilized by the City. The City does not maintain a non-current governmental assets account group and the amount that should be recorded in this account group is not known.

*H. Estimates*

The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

The significant estimates included in the financial statements include the estimated incurred but not recorded ("IBNR") liability for workers' compensation, health insurance and the realizable value of the taxes receivable. It is at least reasonably possible that a condition, situation, or set of circumstances that existed at the date of the financial statements will change in the near term due to one or more future events.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*I. Self-Insurance, Risk Retention, Workers' Compensation and Health Insurance Plans*

Excluding certain vision coverage, the City is self-insured for the healthcare benefits offered and all workers' compensation.

The City has retained a portion of the liability to cover losses under §207-A and §207-C of the Workers' Compensation Law for firefighters and police officers. Employees are entitled to their full pay, when out on leave, until age seventy. The City is required to cover any amount of losses not reimbursed by workers' compensation.

Workers' compensation claims are subject to approval by a Workers' Compensation board. Approved claims are paid and charged to the appropriate fund.

The City maintains general liability insurance which carries a deductible of \$50,000 to \$100,000 per claim based on the type of claim.

The City pays health insurance on a cost-reimbursement basis. The plan allows for an up to 20% coinsurance by the employee/subscriber. Each fund is responsible for the claims incurred for their employees. In 2020, the City is self-insured up to \$175,000 per individual, and is commercially insured for claims exceeding \$175,000 up to \$1,000,000 per subscriber per year. Individual claims exceeding \$1,000,000 per subscriber per year are self-insured. The risk of future claims is retained by the City.

The City establishes workers' compensation and health insurance claims liabilities based on estimates of the ultimate cost of claims, including future claim adjustment expenses, that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Because actual claims costs depend on such complex factors as inflation, changes in doctrines of legal liability and damage awards, the process used in computing claim liabilities does not result in an exact amount. Claim liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claims frequency and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculations because reliance is placed both on actual historical data that reflects past inflation and on other factors that are considered to be appropriate modifiers of past experience. Adjustments to claims liabilities are charged or credited to the liability in the periods in which they are made.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**I. Self-Insurance, Risk Retention, Workers' Compensation and Health Insurance Plans (Continued)**

As discussed above, the City establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represents changes in those aggregate liabilities for the City during the past year:

	<u>Workers'</u> <u>Compensation</u>	<u>Health</u> <u>Insurance</u>	<u>Risk</u> <u>Retention</u>
Unpaid Claims and Claims Adjustment Expenses at Beginning of Year	\$ 9,714,240	\$ 946,692	\$ 1,366,247
Provision for Incurred Claims Expense for Events of the Current and Prior Years	9,133,045	13,602,469	(267,153)
Payments Made During the Current Year	<u>1,577,299</u>	<u>13,602,469</u>	<u>235,346</u>
Total Unpaid Claims and Claim Adjustment Expenses at End of Year	<u>\$ 17,269,986</u>	<u>\$ 946,692</u>	<u>\$ 863,748</u>
Reflected as Follows:			
General Fund	\$ 2,145,299	\$ 946,692	\$ 431,874
Non-Current Governmental Liability Account Group	<u>15,124,687</u>	<u>-</u>	<u>431,874</u>
	<u>\$ 17,269,986</u>	<u>\$ 946,692</u>	<u>\$ 863,748</u>

**J. New Accounting Pronouncements**

GASB has issued the following Statement which became effective in the current year.

GASB Statement No. 84

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

This Statement describes four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

J. *New Accounting Pronouncements (Continued)*

GASB Statement No. 84 (Continued)

This Statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. Events that compel a government to disburse fiduciary resources occur when a demand for the resources has been made or when no further action, approval, or condition is required to be taken or met by the beneficiary to release the assets. The City has implemented this Statement for the year ended December 31, 2020.

K. *Future Accounting Pronouncements*

GASB Statement No. 87

The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This Statement will become effective for fiscal years beginning after June 15, 2021.

L. *Total Columns*

Total columns in the financial statements are captioned *Memorandum Only* to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in accordance with accounting principles generally accepted in the United States of America, nor is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregate of this data.

**2. STEWARDSHIP, COMPLIANCE, ACCOUNTABILITY**

A. Capital Projects Fund

Capital Projects Fund had a deficit fund balance totaling \$28,083,486 at December 31, 2020. This deficit is caused by allowing contracts for projects funded with bond anticipation and other notes. The deficit will be eliminated when serial bonds are issued.

**2. STEWARDSHIP, COMPLIANCE, ACCOUNTABILITY (CONTINUED)**

**B. Overdrawn Appropriations**

<u>General Fund:</u>	
Transportation	\$ 81,483
<u>Sewer Fund:</u>	
General Government Support	\$ 9,394

The over expended amounts were due to the City’s approval of expenditures without budgetary transfers or amendments to finance the payments.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS**

**A. Assets**

*Cash and Investments*

The City’s investment policies are governed by State statutes. The City’s monies must be deposited in FDIC-insured commercial banks or trust companies located within the State. The City is authorized to use demand accounts, certificates of deposit, obligations of the United States of America, New York State and local municipalities and school districts, certificates of participation and repurchase agreements with certain restrictions.

Collateral is required for demand deposits and certificates of deposit for all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of any state and its municipalities and school districts.

At December 31, 2020, the book amount of the primary government’s deposits (excluding \$6,900 in petty cash) was \$59,702,917 and the bank balances were \$62,276,877. The insured and collateral status of the year-end bank balances was as follows:

	<u>Amount</u>
Covered by federal deposit insurance	\$ 531,010
Collateralized with securities held by a third party custodian for the benefit of the City, pursuant to a three-party custody agreement (\$62,310,436 available)	<u>61,745,867</u>
Total	<u>\$ 62,276,877</u>

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**B. Cash Restricted**

Cash restricted consists of the following at December 31, 2020:

General Fund

Reserve for Debt	\$ 766,712
Capital Reserve	1,163,959
Snow and Ice Removal	156,542
Tax Certiorari	144,645
Litigation and Claims	<u>431,874</u>
	<u>2,663,732</u>

Water Fund

Reserve for Debt	65,467
Reserve for Capital	<u>6,948,510</u>
	<u>7,013,977</u>

Sewer Fund

Reserve for Debt	648,249
Reserve for Capital	8,616,818
Reserve for Repairs	<u>220,478</u>
	<u>9,485,545</u>

Recreation Fund

Reserve for Debt	5,966
Reserve for Capital	<u>631,182</u>
	<u>637,148</u>

Total Cash - Restricted \$ 19,800,402

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**C. Property Taxes**

The City tax levy may be paid in four equal installments due January 1, April 1, July 1, and October 1.

At December 31, 2020, taxes receivable consisted of the following:

<u>Year</u>	<u>Schenectady School District</u>	<u>Schenectady County</u>	<u>City of Schenectady</u>	<u>Total</u>
2005	\$ -	\$ -	\$ 3,749	\$ 3,749
2006	-	-	11,336	11,336
2007	4,046	2,701	6,005	12,752
2008	7,175	3,609	8,914	19,698
2009	19,047	6,619	32,469	58,135
2010	24,320	8,341	50,191	82,852
2011	35,683	11,484	55,410	102,577
2012	39,714	13,436	80,209	133,359
2013	53,846	33,091	76,796	163,733
2014	60,268	16,598	99,613	176,479
2015	78,600	17,928	114,792	211,320
2016	101,158	25,472	181,902	308,532
2017	141,921	32,188	223,060	397,169
2018	325,426	141,833	530,023	997,282
2019	965,392	340,588	1,269,844	2,575,824
2020	2,465,449	1,109,427	3,379,949	6,954,825
Total	<u>\$ 4,322,045</u>	<u>\$ 1,763,315</u>	<u>\$ 6,124,262</u>	12,209,622
Allowance for Uncollectible Amounts				<u>(9,034,205)</u>
Taxes Receivable, Net				<u>\$ 3,175,417</u>

The above-mentioned net realized taxes receivable at December 31, 2020 also includes the amount of taxes the City must collect on behalf of the Schenectady City School District and Schenectady County. At December 31, 2020 the City is obligated to pay the Schenectady School District and Schenectady County \$4,787,484 and \$1,684,034, respectively, which is reflected in Due to Other Governments on the general and custodial fund balance sheets.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**D. Other Receivables and Liabilities**

Other receivables are comprised of the following at December 31, 2020:

	<u>General Fund</u>	<u>Water Fund</u>	<u>Sewer Fund</u>	<u>Recreation Fund</u>	<u>Other Special Revenue Funds</u>	<u>Total</u>
Franchise Fees	\$ 679,560	\$ -	\$ -	\$ -	\$ -	\$ 679,560
Sale of City Owned						
Equipment and Property	925,624	-	-	-	-	925,624
Utility Refunds	797,870	-	-	-	-	797,870
Miscellaneous (*)	325,705	-	24,943	6,395	-	357,043
Municipal Voucher Billings	880,465	946,965	1,109,917	-	-	2,937,347
Parking Fines	97,618	-	-	-	-	97,618
Water Rents	-	722,891	-	-	-	722,891
Sewer Rents	-	-	862,394	-	-	862,394
Special Grants	-	-	-	-	145,938	145,938
Loans, Net	-	-	-	-	53,040	53,040
Allowance for Uncollectible Accounts	(319,643)	(130,981)	(83,159)	(976)	-	(534,759)
Total	<u>\$ 3,387,199</u>	<u>\$ 1,538,875</u>	<u>\$ 1,914,095</u>	<u>\$ 5,419</u>	<u>\$ 198,978</u>	<u>\$ 7,044,566</u>

\* Miscellaneous consists primarily of trash, code violation fees and other assessments.

A majority of the other receivables and deferred inflows of resources in the City's Special Grant Fund are comprised of the following loan activities at December 31, 2020.

***Community Development Agency (a blended component unit)***

The CDA is the recipient of Community Development Entitlement Grants to operate revolving loan funds. These funds are to be loaned to industry, not-for-profit organizations and individuals for the purpose of creating and retaining permanent jobs within the City or for rehabilitation of property. Loans outstanding at December 31, 2020 require periodic payments of principal and interest, or interest only for loans that have not been fully drawn down. The principal loan balances at December 31, 2020 are as follows:

Total Loans Outstanding	\$ 344,199
Less Allowance for Uncollectible Accounts	<u>(344,199)</u>
Net Loans Receivable	<u><u>\$ -</u></u>

Loans are recorded as a receivable with a corresponding entry to deferred inflows of resources. When the loan payments are received, revenue is recognized to the extent of principal received. As funds are reloaned a corresponding expenditure is recorded. When a loan is written off as uncollectible, a corresponding decrease in the amount of deferred inflows of resources is made in the same period, the effect of which is to reduce the overall amount of funds available for future loans.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**D. Other Receivables and Liabilities (Continued)**

***Schenectady Housing Development Fund Corporation (a blended component unit)***

The SHDFC is a subrecipient of federal funds received by the City through its Community Development Block Grant (CDBG). Draw down requests are made to the City as CDBG funds are needed to meet loan commitments, and revenue is recognized when received by the SHDFC.

Loans are recorded as a receivable with a corresponding entry to deferred inflows of resources. As loans are repaid, the principal is recognized as revenue to be used for future housing loans. As funds are reloaned, a corresponding expenditure is recorded. Many of these loans are subject to a higher than normal risk of default.

Loans receivable consist of the following at December 31, 2020:

Loans receivable, January 1	\$ 64,949
Add new loans made	26,321
Less principal payments received	(24,034)
Write-offs and adjustments	<u>(14,196)</u>
Loans receivable, December 31	<u>\$ 53,040</u>

See Note 3E6 for other deferred inflows of resources and unearned revenues in the special grant fund.

Other liabilities are comprised of the following at December 31, 2020:

	<u>General Fund</u>	<u>Sewer Fund</u>	<u>Recreation Fund</u>	<u>Total</u>
Workers' Compensation	\$ 2,145,299	\$ -	\$ -	\$ 2,145,299
Health Insurance	946,692	-	-	946,692
Deposits *	455,138	-	8,400	463,538
Overpayments and Clearing	21,016	15,215	-	36,231
Other	-	-	2,412	2,412
	<u>\$ 3,568,145</u>	<u>\$ 15,215</u>	<u>\$ 10,812</u>	<u>\$ 3,594,172</u>

\* Represents seized asset funds, payroll related liabilities and other miscellaneous deposits.

### 3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)

#### E. Liabilities

##### 1. Pension Plans

###### ***General Information***

The City participates in the New York State and Local Employees' Retirement System ("ERS") and New York State and Local Police and Fire Retirement System ("PFRS"), collectively referred to as the "Systems". The Systems are cost sharing multiple-employer, public employee retirement systems. The Systems offer a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability.

###### **Plan Description and Benefits Provided**

The Systems provide retirement benefits as well as death and disability benefits. The net position of the Systems are held in the New York State Common Retirement Fund, which was established to hold all net assets and record changes in plan net position allocated to the Systems. The Comptroller of the State of New York (the "Comptroller") serves as sole trustee and administrative head of the Systems. System benefits are established under provisions of the New York State Retirement and Social Security Laws ("NYSRSSL"). Once a public employer elects to participate in the Systems, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The Systems issue a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

The Systems are noncontributory except for ERS employees who joined the System after July 27, 1976 who contribute 3% of their salary for the first ten years of membership and employees who joined on or after January 1, 2010 who generally must contribute 3% of their salary for their entire length of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

1. Pension Plans (Continued)

**Plan Description and Benefits Provided (Continued)**

The City is required to contribute at an actuarially determined rate. Required contributions for the current and preceding two years were:

	ERS		PFRS	
	<u>Amount</u>	<u>Rate*</u>	<u>Amount</u>	<u>Police/Fire Rates*</u>
2020	\$ 1,921,216	16.1%	\$ 7,214,978	25.6/31.8%
2019	\$ 1,869,257	15.8%	\$ 6,288,653	24.3/30.0%
2018	\$ 1,939,680	15.8%	\$ 6,788,031	24.0/29.6%

\* Reflects rates of most populated tier.

The City's contributions made to the Systems were equal to 100 percent of the contributions required for 2020. In 2013 the City, as anticipated in its adopted budget, elected to amortize (pay over time) \$3,250,427, the maximum allowed. In 2014 the City, as anticipated in its adopted budget, elected to amortize the amount of \$1,489,734, a portion of the amount allowed. All amortizations were done under the NYS Original Contribution Stabilization Program.

Pursuant to the Chapter 260 of the Laws of 2002, the state legislature authorized local governments to make available retirement incentive programs. Additional retirement incentive programs were authorized in 2004 and 2007. The costs of these programs are being billed and paid over ten years and include interest at 8.75%.

The outstanding balance as of December 31, 2020 for the amortized pension liabilities was \$1,752,608, of which \$1,100,805 is for the 2013 amortization and \$651,803 is for the 2014 amortization.

Covered Payroll

The City of Schenectady's covered payrolls (as defined in GASB 85) for 2020 are as follows:

ERS	\$ 14,955,208
PFRS	<u>27,425,373</u>
	<u>\$ 42,380,581</u>

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

1. Pension Plans (Continued)

**Pension Liabilities, Pension Expense, and Deferred Inflows and Outflows of Resources Related to Pensions**

At December 31, 2020, the City reported a liability in the non-current governmental liabilities account group of \$12,269,212 for ERS and \$43,290,579 for PFRS for its proportionate share of the net pension liability. The net pension liability was measured as of March 31, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At December 31, 2020, the City's proportion was .0463329% ERS and .8099361% PFRS.

At December 31, 2020, the City reported deferred outflows and inflows of resources related to pensions from the following sources:

	<b>Total Deferred Outflows of Resources</b>	<b>Total Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 3,604,789	\$ (725,112)
Change of assumptions	3,947,341	(213,318)
Net difference between projected and actual investment earning on pension plan investments	25,784,906	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	314,483	(3,297,468)
Contributions made subsequent to measurement date	6,852,145	-
	<u>\$ 40,503,664</u>	<u>\$ (4,235,898)</u>

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

1. Pension Plans (Continued)

**Pension Liabilities, Pension Expense, and Deferred Inflows and Outflows of Resources Related to Pensions (Continued)**

The net amount of the employer's balances of deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

December 31, 2021	\$ 12,428,758
December 31, 2022	6,939,790
December 31, 2023	9,165,795
December 31, 2024	7,682,340
December 31, 2025	51,083
	<u>\$ 36,267,766</u>

**ERS and PFRS Actuarial Assumptions**

The total pension liability at March 31, 2020 was determined by using an actuarial valuation as of April 1, 2019, with update procedures used to roll forward the total pension liability to March 31, 2020. The actuarial valuations used the following actuarial assumptions:

	<u>ERS</u>	<u>PFRS</u>
Interest rate	6.8%	6.8%
Salary increase	4.2%	5.0%
Inflation rate	2.5%	2.5%
Cost of living adjustments	1.3%	1.3%

Annuitant mortality rates are based on April 1, 2010 - March 31, 2015 System's experience with adjustments for mortality improvements based on MP-2018.

The actuarial assumptions used in the April 1, 2019 valuation are based on the results of an actuarial experience study for the period August 1, 2010 - March 31, 2015.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

1. Pension Plans (Continued)

**Pension Liabilities, Pension Expense, and Deferred Inflows and Outflows of Resources Related to Pensions (Continued)**

**ERS and PFRS Actuarial Assumptions (Continued)**

The long term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2020 were as follows:

<u>Asset Class</u>	<u>Long-Term Expected Rate of Return</u>
Domestic equity	4.05%
International equity	6.15%
Private equity	6.75%
Real estate	4.95%
Absolute return strategies	3.25%
Opportunistic portfolio	4.65%
Real assets	5.95%
Bonds and mortgages	.75%
Cash	- %
Inflation-indexed bonds	.50%

**Discount Rate**

The discount rate used to calculate the total pension liability was 6.8% for both ERS and PFRS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

1. Pension Plans (Continued)

**Sensitivity of the Proportionate Share of the Net Pension Asset/Liability to the Discount Rate Assumption**

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.8%, as well as what the City's proportionate share of the net pension asset/liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Assumption</u>	<u>1% Increase</u>
<b><u>ERS</u></b>			
Employers' proportionate share of the net pension asset (liability)	<u>\$ (22,517,468)</u>	<u>\$ (12,269,212)</u>	<u>\$ (2,830,525)</u>

<b><u>PFRS</u></b>			
Employers' proportionate share of the net pension asset (liability)	<u>\$ (77,404,436)</u>	<u>\$ (43,290,579)</u>	<u>\$ (12,740,847)</u>

**Pension Plan Fiduciary Net Position**

The components of the net pension liability of the Systems as of March 31, 2020 was as follows (in thousands):

	<u>ERS</u>	<u>PFRS</u>
Systems total pension liability	\$ (194,596,261)	\$ (35,309,017)
Systems net position	<u>168,115,682</u>	<u>29,964,080</u>
Systems net pension liability	<u>(26,480,579)</u>	<u>(5,344,937)</u>
Ratio of systems net position to the employers' total pension liability	<u>86.39%</u>	<u>84.86%</u>

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

1. Pension Plans (Continued)

**Deferred Compensation**

The City offers its employees two deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all City employees, permit them to defer a portion of their current salary (up to \$19,500 for participants under age 50 and \$26,000 for those 50 years of age and older) until future years. During the past year, the employees contributed approximately \$1,567,992. The deferred compensation amounts are not available to the employees until termination, retirement, death, or unforeseeable emergency.

The City has significant administrative involvement for the assets of the deferred compensation plans and is involved in the investment function of the plans. The City has entered into two separate agreements with the trustees of the two plans who invest the funds in accordance with the trust agreements. The City appoints a committee of employees that represent the City in all matters concerning the administration of the plans. The committee has full power and authority to adopt rules and regulations for the administration of the plans. The committee also contracts with providers to manage the investment of plan assets and is responsible for selecting the plan investment options. Additionally, the committee reviews and approves withdrawals, terminations and benefit payments.

The City accounts for and reports its deferred compensation plans under the provisions of GASB Statement No. 32, "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans."

The plans issue separate financial reports that include financial statements and required supplementary information. Those reports may be obtained by writing to the City of Schenectady.

2. Compensated Absences

Pursuant to contractual agreements, City employees are entitled to accrue sick, vacation and personal leave. The maximum accrual of these absences depends upon the contractual agreement each employee falls under. All employees who leave the employment of the City are entitled to be paid for unused vacation leave up to a maximum of 10 weeks. Unused sick leave, at rates ranging from twenty-five to seventy-five percent, depending on the contract and hire date, is paid to all employees, except police and fire, upon retirement, layoff or death.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

2. Compensated Absences (Continued)

The expenditure is recorded at the time the benefit is paid or when anticipated to be paid with available current resources. Estimated vested vacation and sick leave and compensated absences accumulated by City employees have been recorded in the General Fund, for those amounts anticipated to be paid with available current resources, with the remainder recorded in the Non-Current Governmental Liabilities Account Group.

The City has accrued compensated absences for vacation, vesting sick leave and other compensated absences with similar characteristics in accordance with Governmental Accounting Standards Board (GASB) Pronouncement Number 16 - Accounting for Compensated Absences. In accordance with GASB No. 16, additional amounts for employees who are expected to attain vested status and the related fringe benefits have also been accrued.

3. Short-Term Debt

Liabilities for bond and tax anticipation notes (BANs and TANs) are generally accounted for in the Capital Projects and General Fund, respectively. State law requires that BANs issued for capital purposes be converted to long-term obligations within five years after the original issue date.

At December 31, 2020, BANs and TANs outstanding of \$18,615,009 and \$7,000,000 are reflected in the Capital Projects and General Fund, respectively. The BANs fund various improvements and have a maturity date of May 07, 2021 with an interest rate of 1.39-2.0%. The TANs fund anticipated short-term revenue loss and have a maturity date of September 30, 2021 with an interest rate of 1.0%. In addition, at December 31, 2020 short-term borrowings on an interest-free loan with the NYS Environmental Facilities Corporation amounted to \$21,033,855. This debt will be converted to long-term after completion of the underlying projects.

The following is a summary of changes in short-term debt for the year ended December 31, 2020:

	<u>Payable at</u> <u>January 1, 2020</u>	<u>Issued</u>	<u>Redeemed</u>	<u>Payable at</u> <u>December 31, 2020</u>
NYS Environmental Facilities Corporation	\$ 11,673,925	\$ 9,514,930	\$ 155,000	\$ 21,033,855
Bond Anticipation Notes	19,125,009	-	510,000	18,615,009
Tax Anticipation Notes	-	7,000,000	-	7,000,000
	<u>\$ 30,798,934</u>	<u>\$ 16,514,930</u>	<u>\$ 665,000</u>	<u>\$ 46,648,864</u>

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

4. Long-Term Debt

At December 31, 2020 the total outstanding serial bonds of the primary government were \$102,555,000.

The City, like most governmental units, borrows money in order to acquire land or equipment or construct buildings and improvements. This policy enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of these capital assets. These long-term liabilities, which are full faith and credit debt of the local government, are recorded in the Non-Current Governmental Liabilities Account Group. The provision to be made in future budgets for capital indebtedness represents the amount, exclusive of interest, authorized to be collected in future years from taxpayers and others for liquidation of the long-term liabilities.

In addition to the above long-term debt the City has the following noncurrent liabilities:

Due to Retirement Systems - Represents amounts accrued for early retirement incentives adopted by the City Council and the amortization of a portion of the bills due in 2013 and 2014 under the contribution stabilization program.

Compensated Absences - Represents the value of earned and unused portion of the liability for compensated absences.

Installment Purchase Debt - Represents the future minimum lease payments on capital leases.

Judgments and Claims - Represents legal judgments, claims and tax certiorari proceedings that are anticipated to be settled against the City. In addition, the judgments and claims liability represents the estimate of the City's share of incurred but not reported claim costs for the self-insured workers' compensation and health insurance obligations, net of the amounts recorded in the general fund. See Note 1 I.

Disability Payable - General Municipal Law, Sections 207A and 207C provide for firemen and police officers to receive continued salary payments to age seventy in the event of disability. The payments are funded partially by the City and partially by the retirement system. As of December 31, 2020, the present value of the payments the City was obligated to make to eight firemen and one police officer totaled \$2,471,195 which has been reflected in the Non-Current Governmental Liabilities Account Group. The related expense for the year ended December 31, 2020 approximated \$485,521.

Due to Other Governments - Represents the estimated net present value of the liability to the Downtown Schenectady Improvement Corporation.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

4. Long-Term Debt (Continued)

Other Debt - Other debt at December 31, 2020 includes the total outstanding of \$2,245,000 on a \$3,000,000 US Department of Housing and Urban Development contract for loan guarantee assistance provided under section 108 of the Housing and Community Development Act of 1974, as amended, 42 U.S.C. 5308. \$2,500,000 was to be used for the acquisition of real property in fee or by long-term lease pursuant to 24 CFR 570.703 (a), including acquisition of properties from the Schenectady Urban Renewal Agency, which may include costs of surveys, appraisals, the preparation of legal documents, recording fees and other similar costs that are necessary to effect the acquisition; and the clearance, demolition, and removal of building and improvements on real property acquired with Guaranteed Loan Funds. The remaining \$500,000 was utilized in support of the development and redevelopment of a low-income residential facility.

Net Pension Liability - Represents the City of Schenectady's proportionate share of the NYS pension liability under GASB 68.

Other Post-Employment Benefits - Represents the actuarial present value for the continuation of certain medical and dental insurance for current and future retirees and their spouses.

The following is a summary of changes in long-term liabilities for the year ended December 31, 2020:

	<u>Payable at</u> <u>January 1, 2020</u>	<u>Issued</u>	<u>Redeemed</u>	<u>Other</u> <u>Increase</u> <u>(Decrease)</u>	<u>Payable at</u> <u>December 31, 2020</u>

2024	<u>170,608</u>
	<u>\$ 1,752,608</u>

5. Postemployment Benefits Payable

A. General Information about the OPEB Plan

*Plan Description* - The City's defined benefit OPEB plan provides OPEB for all permanent full-time general and public safety employees of the City. The plan is a single-employer defined benefit OPEB plan administered by the City. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the City Council. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

*Benefits Provided* - The City provides healthcare and life insurance benefits for retirees and their dependents. The benefit terms are dependent on which employment contract each employee falls under. The specifics of each contract are on file at the City offices and are available upon request.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

	543		

B. Total OPEB Liability

The City's total OPEB liability of \$332,288,275 was measured as of December 31, 2020, and was determined by an actuarial valuation as of that date.

*Actuarial Assumptions and Other Inputs* - The total OPEB liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25 percent
Salary Increases	2.0 percent, average, including inflation
Discount Rate	2.0 percent

5. Postemployment Benefits Payable (Continued)

B. Total OPEB Liability (Continued)

Healthcare Cost Trend Rates (Continued)

As of the December 31, 2020 measurement date, the discount rate was updated from 2.7% to 2.0%. The change in discount rate resulted in an increase in liabilities.

As of the December 31, 2020 measurement date, the mortality assumption was updated to the sex-distinct and job category-specific headcount weighted Pub-2010 Public Retirement Plans Mortality Tables for employees and healthy retirees, and then adjusted for mortality improvements with a Scale MP-2020 mortality improvement scale on a generational basis. The revised assumption resulted in a net increase in liabilities.

As of the December 31, 2020 measurement date, the annual rate of increase in healthcare costs was revised to better reflect future expectations, including updating long-term rates based on the SOA Long Term Healthcare Cost Trends Model v2021\_b (the Getzen model).

Retirees' Share of Benefit-Related Costs

Firefighters hired after October 2006 will pay 5% for medical and dental. Police officers hired after April 2010 will pay 5% for medical and dental. Police officers hired between April 26, 2010 and January 1, 2020 will pay 5% for medical. Police officers hired after January 1, 2020 will pay 10% for medical. Management hired after January 2008 will pay 20% of medical and dental. Everyone else hired after 2006 will pay 20% for medical and 100% for dental.

The discount rate was based on the Bond Buyer General Obligation 20-Year AA Municipal Bond Index.

C. Changes in the Total OPEB Liability

Balance at December 31, 2019	\$ <u>290,845,065</u>
 <u>Change for the Year -</u>	
Service cost	10,968,897
Interest	7,799,069
Change of benefit terms	618,654
Differences between expected and actual experience	(12,171,161)
Change in assumptions or other inputs	43,828,482
Actual benefit payments	<u>(9,600,731)</u>
Net Changes	<u>41,443,210</u>
 Balance at December 31, 2020	 \$ <u><u>332,288,275</u></u>

Changes in assumptions and other inputs reflect a change in the discount rate from 2.75 percent in 2019 to 2.0 percent in 2020.

*Sensitivity of the Total OPEB Liability to Changes in the Discount Rate* - The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	<u>1% Decrease</u>	<b>Current Discount Rate (2.0%)</b>	<u>1% Increase</u>
Total OPEB Liability	\$ <u>397,558,422</u>	\$ <u>332,288,275</u>	\$ <u>281,511,469</u>

*Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates* - The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare care cost trend rate:

	<u>1% Decrease</u>	<b>Current Discount Rate (2.0%)</b>	<u>1% Increase</u>
Total OPEB Liability	\$ <u>275,705,311</u>	\$ <u>332,288,275</u>	\$ <u>407,308,731</u>

5. Postemployment Benefits Payable (Continued)

D. OPEB Expense and Deferred Inflows of Resources and Deferred Outflows of Resources Related to OPEB

For the year ended December 31, 2020, the City recognized OPEB expense of \$24,843,650.

At December 31, 2020, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>
Differences between expected and actual experience	\$ 302,516	\$ (20,969,907)
Change of assumptions	<u>69,132,267</u>	<u>(13,693,763)</u>
	<b><u>\$ 69,434,783</u></b>	<b><u>\$ (34,663,670)</u></b>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

**Year Ending December 31, 2020**

2021	\$ 5,457,030
2022	5,457,030
2023	5,457,030
2024	6,741,119
2025	7,489,851
Thereafter	<u>4,169,053</u>
	<b><u>\$ 34,771,113</u></b>

6. Deferred Inflows of Resources and Unearned Revenues

Deferred inflows of resources arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. In subsequent periods, when both recognition criteria are met, the deferred inflows of resources are reduced and revenue is recognized.

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**E. Liabilities (Continued)**

**6. Deferred Inflows of Resources and Unearned Revenues (Continued)**

Unearned revenue arises when resources are received before the City has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, or when the City has legal claim to the resources, the liability is removed and revenue is recognized.

Deferred inflows of resources and unearned revenues at December 31, 2020 consist of the following:

	<b><u>Deferred Inflows of Resources</u></b>	<b><u>Unearned Revenues</u></b>
<u>General Fund</u>		
2021 real property taxes collected in 2020	\$ 118,248	\$ -
NYS AIM Payments	560,300	-
Special Assessments	<u>120,040</u>	-
Total	<u>\$ 798,588</u>	<u>\$ -</u>
<u>Water Fund</u>		
Water rents	<u>\$ 195,080</u>	<u>\$ -</u>

Miscellaneous Grants	-	183,564
Special Revenue - Assessments Held for Future Use	<u>307,717</u>	-
Total	<u>\$ 307,717</u>	<u>\$ 302,070</u>
<u>Capital Projects Fund</u>		
Vale Park Project	<u>\$ -</u>	<u>\$ 133,947</u>

**3. DETAIL NOTES ON ALL FUNDS AND ACCOUNT GROUPS (CONTINUED)**

**F. Interfund Balances**

Interfund transfers and receivables and payables at December 31, 2020 and for the year then ended are as follows:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>	<u>Receivables</u>	<u>Payables</u>
General	\$ 523,783	\$ 39,000	\$ 2,225,794	\$ -
Water	22,118	-	498,170	-
Sewer	2,688	435,926	163,926	-
Recreation	-	9,890	-	-
Special Grant	-	-	-	1,860,400
Capital Projects	484,816	548,589	1,276,980	2,304,470
Total	<u>\$ 1,033,405</u>	<u>\$ 1,033,405</u>	<u>\$ 4,164,870</u>	<u>\$ 4,164,870</u>

**G. Fund Equity and Reserves**

The City has implemented GASB 54 “Fund Balance Reporting and Governmental Fund Type Definitions.”

GASB 54 defines five categories of fund balances as follows:

- **Non-spendable** fund balance includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. The City’s non-spendable fund balance includes \$8,444 of inventory recorded in the recreation fund at December 31, 2020.
- **Restricted** fund balance includes amounts restricted when constraints placed on the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. The City’s restricted fund balance consists of the following at December 31, 2020:

	<u>General Fund</u>	<u>Water Fund</u>	<u>Sewer Fund</u>	<u>Recreation Fund</u>
Reserve for Debt	\$ 766,712	\$ 65,467	\$ 648,249	\$ 5,966
Reserve for Capital	1,163,959	6,948,510	8,616,818	631,182
Snow and Ice Removal	156,542	-	-	-
Tax Certiorari	144,645	-	-	-
Litigation and Claims	431,874	-	-	-
Reserve for Repairs	-	-	220,478	-
	<u>\$ 2,663,732</u>	<u>\$ 7,013,977</u>	<u>\$ 9,485,545</u>	<u>\$ 637,148</u>

**3. DETAIL NOTES ON ALL FUNDS AND GROUPS (CONTINUED)**

**G. Fund Equity and Reserves (Continued)**

- **Committed** fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City Council. The City had no committed fund balances at December 31, 2020.
- **Assigned** fund balance includes amounts that are constrained by the City to be used for specific purposes, but are neither restricted nor committed. Assigned fund balances include funds that are legally mandated to be accounted for separately as well as amounts that have been contractually obligated by the City or designated by the City for the ensuing year's budget. Assigned fund balance includes the following:

	<u>General Fund</u>	<u>Water Fund</u>	<u>Sewer Fund</u>	<u>Recreation Fund</u>	<u>Special Grant</u>
Encumbrances	\$ 196,381	\$ 16,686	\$ 38,045	\$ 3,275	\$ -
Appropriated Fund Balance	1,428,225	-	-	-	-
Home and Community Services	-	2,630,604	3,202,353	-	66,443
Culture and Recreation	-	-	-	390,588	-
	<u>\$ 1,624,606</u>	<u>\$ 2,647,290</u>	<u>\$ 3,240,398</u>	<u>\$ 393,863</u>	<u>\$ 66,443</u>

- **Unassigned** fund balance represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the fund.

The City determines whether restricted, committed, assigned or unassigned amounts are considered to have been spent first when resources are available from multiple constraint levels. The default policy is that resources are first spent from the highest constraint level.

**4. COMMITMENTS AND CONTINGENCIES**

- A. Grants** - The City has received many federal and state grants for special purposes that are subject to review and audit by the grantor agencies. Such audits could lead to request for reimbursement to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, City management believes such disallowances, if any, would not be material.
- B. Parking Lots** - In 2004, the City of Schenectady entered into an agreement with Schenectady Metroplex Development Authority (Metroplex) for the sale of five parking lots and the Broadway Center Garage facility for \$1,000,000. As part of the sale agreement the City has agreed to pay the Downtown Schenectady Improvement Corporation the total sum of \$1,000,000 in annual installments of \$50,000 per year for a term of twenty years. The estimated net present value of the liability of \$133,651, calculated using an assumed rate of interest of 6%, has been recorded in the Non-Current Governmental Liabilities Account Group at December 31, 2020.

**4. COMMITMENTS AND CONTINGENCIES (CONTINUED)**

- C. *Tax Review Cases*** - Tax review cases are pending against the City for reductions in the assessed value of property. The petitions are for taxes collected in 2013 through 2019. Management believes that the likelihood of reductions is probable. Provision for losses for cases settled to date of \$723,223 are included in the Non-Current Governmental Liabilities Account Group in judgments and claims payable of \$578,578 and in a General Fund reserve of \$144,645 that comprise the balance.
- D. *Litigation*** - The City has been named defendant in various actions. A review of these actions with the City's Attorney indicates that the risk of loss to the City is probable for certain cases, reasonably possible for other cases or unable to assess the risk of loss. The remaining cases are either fully covered by insurance or without substantial merit. Provision for losses for these cases that have a probable risk of loss are included in the Non-Current Government Liability Account Group of \$431,874 and those that are reasonably possible for which a range of loss has been estimated are included in the miscellaneous reserves in the General Fund of \$431,874 at December 31, 2020.
- E. *Downtown Schenectady Improvement Corporation*** - The City has entered into an agreement with the Downtown Schenectady Improvement Corporation (the "Corporation") to provide certain services to the Downtown Special Assessment District (the "District"). If unanticipated expenses are incurred by the Corporation as a result of performing the contracted services, the District would be required to pay the Corporation the additional amount. For the year ended December 31, 2020, no additional amount was owed.
- F. *Environmental Concerns*** - The City is engaged in many activities (*e.g.*, water and sewer service, refuse collection, gasoline storage), in the normal course of operations, that are potentially hazardous to the environment. Except as previously described, as of December 31, 2020, the City is not aware of any significant environmental conditions that should be disclosed in the financial statements. In May 2014, the City received a Consent Order from the New York State Department of Environmental Conservation (DEC) to remedy sewer overflow events. Under the Consent Order, the City has until December 2023 to complete the necessary infrastructure changes.

**4. COMMITMENTS AND CONTINGENCIES (CONTINUED)**

**G. *Union Contracts*** - Police, Fire Department and general city employees are each represented by collective bargaining agents. The agents that represent them and the dates of expiration of their agreements are as follows:

<u>Bargaining Unit</u>	<u>Contract Expiration Date</u>
* AFSCME - Local 1037A	December 31, 2020
* Civil Service Employees Association - Local 1000	December 31, 2019
United Brotherhood of Carpenters & Joiners of America, Local 146	December 31, 2023
* Brotherhood of Electrical Works - Local 236	December 31, 2019
Schenectady Police Benevolent Association	December 31, 2022
* IAFF, Local 28 (City Fire Fighters Union)	December 31, 2018
National Union of Painters & Allied Tradesman, Local 62	December 31, 2023
* IOUE, Local 106 (Operating Engineers)	December 31, 2020

\* These union contracts are currently under negotiation.

**H. *Constitutional Debt Limit*** - As of December 31, 2020, the City had exhausted approximately 68.77% of its constitutional debt limit.

**5. JOINT VENTURES**

The following activities are undertaken jointly with other municipalities. These activities are excluded from the financial statements of all participating municipalities. Separate financial statements are issued for such joint ventures.

## 5. JOINT VENTURES (CONTINUED)

### A. Intermunicipal Watershed Rules and Regulations Board

The City of Schenectady and the Towns of Niskayuna, Glenville, Rotterdam and the Village of Scotia, New York jointly comprise the Intermunicipal Watershed Rules and Regulations Board. The venture operates under the terms of an agreement dated July 11, 1991. The agreement is for the period of five years with an option for renewal increments of five year periods. The first option for renewal was executed in 1996. Although no written extension has been negotiated since, the venture has been operating as if renewal options have been exercised. Significant provisions of the agreement are as follows:

1. The boards of each municipality jointly act as the governing body for the joint venture.
2. The governing body has established a contribution formula to fund the costs of the Board. The initial formula for municipal contributions to the operating budget of the Board was based upon the total number of gallons pumped from the aquifer by each of the municipalities between 1980 and 1989. In subsequent years the allocation has been based on actual gallons used during that year. The fee based on the water used by the Town of Niskayuna was initially reported and paid for by the City of Schenectady and is included in the cost of the water purchased by the Town of Niskayuna from the City of Schenectady.

The following is an unaudited summary of financial information included in financial statements issued for the joint venture for the year ended December 31, 2019 (most recent available):

Total Assets	\$ 5,578
Total Liabilities	\$ 1,433
Joint Venture Equity	\$ 4,145
Total Revenues	\$ 5,000
Total Expenses	\$ 3,443

### B. Great Flats Aquifer

In 1987, the City of Schenectady and the Town of Niskayuna entered into an agreement on the use of \$300,000 received from a developer as a settlement of a legal proceeding. The two parties agreed to use the proceeds for matters related to the Great Flats Aquifer and to require all expenditures of these funds and the related interest earned to be approved by the Chief Executive Officer of each municipality.

The following is an unaudited summary of financial information included in financial statements issued for the joint venture for the year ended December 31, 2020:

Total Assets	\$ 194,133
Joint Venture Equity	\$ 194,133
Total Revenues	\$ -
Total Expenses	\$ -

## **6. SALES TAX**

In October 2020, the City entered into an agreement with the County effective December 1, 2020 through November 30, 2028. In year one, the City shall receive the same percentage of the 3% sales tax revenue collected as it did in year eight of the prior agreement, plus \$1,000,000, which represents the aggregate total due under the Hazmat (\$600,000), Police (\$200,000) and Community Redevelopment and Demolition of Structures (\$200,000) agreements. Thereafter in years two through eight, the City shall receive the same percentage of the 3% sales tax as it did in year one, and the calculation of this amount shall include the \$1,000,000 added to the base of year one for the appropriate percentage calculations in years two through eight.

## **7. TAX ABATEMENTS**

GASB Statement No. 77 requires municipalities to disclose agreements with various taxpayers to reduce the amount of taxes they would otherwise have to pay. The agreements may call for Payment in Lieu of Taxes (PILOT) payments, Payment in Lieu of Services payments, reduced taxable assessed value or no tax payments at all. These agreements place certain limitations on a government's ability to raise revenues from property taxes (or other tax revenue sources).

The City of Schenectady has a number of Payments in Lieu of Taxes ("PILOTS") and other tax abatement agreements in place with local businesses. All agreements are for abatement of property taxes. Most of these agreements are entered into by agencies other than the City of Schenectady.

1. The City of Schenectady Industrial Development Agency (IDA) enters into such agreements under Article 18-A of the General Municipal Law of the State of New York. They are located at: Center City Plaza; Schenectady, NY 12305; Jayme Lahut, Executive Director.
2. There are a small number of agreements under the Moral & Mental Health Improvements Law (under the IDA, under Title 1 of Article 18-A of GML, Chapter 24 of consolidated Laws of NYS, Chapter 389 of 1978 Laws, Section 874 of the act and Section 412-a of the Real Property Tax Law).
3. The Schenectady Metroplex Development Authority enters into such agreements under Title 28-B of Article 8 of the Public Authorities Law of NYS. They are located at: Center City Plaza; Schenectady, NY 12305; Ray Gillen, Chairman.
4. There are a small number of agreements under Section 125 of the Private Housing Finance Law of the State of New York (City agreement).

Items one and three above are for commercial or industrial development for the purpose of attracting or retaining businesses within their jurisdictions. PILOT agreements normally provide for payment of amounts lesser than would have been collected for real estate taxes for a number of years.

**7. TAX ABATEMENTS (CONTINUED)**

For the year ended December 31, 2020, the City recognized \$2,660,725 in PILOT revenue for all programs listed above. Abated property taxes amounted to \$2,287,845 under these programs.

<u>Parcel Count</u>	<u>Agency</u>	<u>Full Tax Potential</u>	<u>Pilot Revenue Paid</u>	<u>Abatement</u>
47	IDA	\$ 3,678,878	\$ 2,275,726	\$ 1,403,152
2	IDA/Moral and Mental Health Improvements	157,948	26,419	131,529
54	Metroplex	1,093,267	281,425	811,842
1	City of Schenectady/PHF Law 125	<u>18,477</u>	<u>77,155</u>	<u>(58,678)</u>
104	Total	<u>\$ 4,948,570</u>	<u>\$ 2,660,725</u>	<u>\$ 2,287,845</u>

The City of Schenectady will identify all individual tax abatements over 8.5% of the total abatements of \$194,467 (\$2,287,845). They are as follows:

- The Schenectady Industrial Development Agency has an agreement with DMN Realty Associates, LLC for a property located at 526 Altamont Avenue, for which the amount of abated property taxes is \$196,370 (at 8.58% of the total abatements).
- The Schenectady Metroplex Development Authority has an agreement with BN Partners Associates LLC for a property at 461-467 Nott Street, for which the amount of abated property taxes is \$229,074 (at 10.01% of the total abatements).

**8. SUBSEQUENT EVENTS**

Management has evaluated subsequent events and transactions as to potential material impact on operations or financial position occurring through June 7, 2021, the date the financial statements were available to be issued. The following were noted:

- A. The City has a \$18,615,010 BAN due May 07, 2021. After reflecting a principal paydown of \$1,265,000 it anticipates it will refinance \$17,350,010 of that amount with a new Serial Bond. The City plans to issue a new BAN in 2021 for \$7,355,606 (does not include cost of issuance).

**8. SUBSEQUENT EVENTS (CONTINUED)**

B. In January 2017, the City entered into an agreement with NYS Environmental Facilities Corporation to assist the City with complying with the NYS DEC consent order mentioned in Note 4. This agreement has a \$5,000,000 grant component, a \$15,000,000 zero interest loan and a \$3,480,500 low interest loan. In 2020, the City entered into a new (supplemental) agreement with NYS Environmental Facilities Corporation for the same purpose; for additional loans in the amount of \$7,844,500. The funds will be drawn upon to offset expenditures by the City. The debt repayment schedule will be established based on the draw down schedule. During 2017 the City received \$2.5 million of the grant component. The City has borrowed \$21,188,855 (\$21,188,855 less principal payment of \$155,000 paid in 2020 equals the net liability of \$21,033,855) of the loan balance as of December 31, 2020 and all of the amounts are reflected in the Capital Projects Fund as short term liabilities. In early 2021, the City borrowed an additional \$2,379,214 (related to 2020 expenses).

C. The City of Schenectady provides water services to the Town of Niskayuna for which the Town pays the City. The Town has failed to pay the City for their 2018 and 2019 bills. The Town has alleged that the City's bills were incorrect due to a mistake in the fully executed agreement (from 2007) to provide such services. The City has retained outside counsel to assist in resolving this matter for the City. In the 2019 financial statements, the amount of \$567,376 of prior year revenue was deferred. This is also creating a cash flow issue for the Water Fund, and as a result, the General Fund is covering these shortages.

During 2020, the Town of Niskayuna made payments on most of their outstanding bills. As of March 9, 2021, only \$80,987 from 2018 is outstanding.

D. The City of Schenectady has been named as a defendant in a lawsuit brought by BCI Construction, related to the City's Water Resource Recovery Facility Sanitary Sewer Overflow Mitigation and Improvements Project. BCI's allegations are, in essence, breach of contract claims that the City is disputing on grounds that BCI is in breach of its contractual obligations. Currently, this litigation is being handled by the City's outside counsel.

E. In March of 2021, the United States Congress passed legislation granting state & local governments federal aid (due to the COVID-19 pandemic & related downturn). The City of Schenectady is slated to receive approximately \$26.5 million in May 2021 and \$26.5 million in May 2022. The following restrictions apply: To respond to the public health emergency with respect to the Coronavirus Disease (COVID-19) or its negative economic impacts, including assistance to households, small businesses, non-profits or aid to impacted industries such as tourism, travel and hospitality; hazard pay to essential workers; government services to the extent of reduction in revenue due to the economic impact of COVID-19 compared to the most recent full fiscal year (2019); or to make necessary investments in water, sewer or broadband infrastructure. The City will be required to report to the US Treasury Department on the uses of these funds.

**8. SUBSEQUENT EVENTS (CONTINUED)**

- F. There are two large pending tax certiorari claims against the City:

Maxon Alco Holdings LLC and Mohawk Property Company LLC v. Assessor of the City of Schenectady, et al. (Index 2020-960)

This tax certiorari challenges the 2020 assessment of 1 Rush Street, a property identified as SBL 39.49-2-1.71. The property is the site of Rivers Casino. The property does not include the hotel that is attached to the casino. The property is currently assessed at \$86,140,000. The property owner seeks a reduction of assessment to \$57,600,000, based upon a full market value of \$64,000,000 and an equalization rate of 90%. This property is unique in that there are no other similar casinos in the area. The City intends to vigorously defend the current assessed value, which will require hiring an appraiser with the ability to provide a valuation of a casino. No trial date has been scheduled on this matter.

40 Love Associates, Ltd. v. Assessor of the City of Schenectady, et al. (Index 2019-1411 and Index 2020-0820)

These tax certioraris challenge the 2019 and 2020 assessments of a property identified as SBL 39.80-3-1.111. The property, located at 1 Broadway Center, is a large building, most notably housing the headquarters for the NYS Gaming Commission. For assessment years 2019 and 2020, the property was assessed at \$11,672,000. In its 2019 and 2020 petitions, the property owner alleges that the property should be assessed at \$7,000,000. These matters are scheduled for a pre-trial conference on July 9, 2021.

The city has accounted for this in the General Fund Reserves and in the Non-Current Governmental Liabilities Account Group (see note 4C).

- G. During the summer of 2020, the NYS Department of Budget announced potential AIM reductions of 20% for municipalities. During 2020, the City received \$8,964,795 in AIM funding (80% of the normal \$11,205,994). In March of 2021, NYS restored a portion of that funding in the amount of \$1,680,899, which is reflected in the General Fund as revenue and a receivable. The balance of the unpaid AIM funding is \$560,300, which the City has recorded as a receivable & deferred inflow of resources. This amount was paid in full during May 2021.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor and Members  
of the City Council of the  
City of Schenectady, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the general fund, water fund, sewer fund, recreation fund, other special revenue funds, capital projects fund, custodial fund and the non-current governmental liabilities account group of the City of Schenectady, New York, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City of Schenectady, New York's basic financial statements, and have issued our report thereon dated June 7, 2021.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Schenectady, New York's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Schenectady, New York's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Schenectady, New York's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Schenectady, New York's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CUSACK & COMPANY, CPA'S LLC**

Latham, New York  
June 7, 2021

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY  
THE UNIFORM GUIDANCE**

To the Honorable Mayor and Members  
of the City Council of the  
City of Schenectady, New York

**Report on Compliance for Each Major Federal Program**

We have audited the City of Schenectady, New York's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Schenectady, New York's major federal programs for the year ended December 31, 2020. The City of Schenectady, New York's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City of Schenectady, New York's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Schenectady, New York's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Schenectady, New York's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the City of Schenectady, New York complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

### **Report on Internal Control Over Compliance**

Management of the City of Schenectady, New York is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Schenectady, New York's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Schenectady, New York's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the general fund, water fund, sewer fund, recreation fund, other special revenue funds, capital projects fund, custodial fund and the non-current governmental liabilities account group of the City of Schenectady, New York as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City of Schenectady, New York's basic financial statements. We issued our report thereon dated June 7, 2021, which contained unmodified opinions on those financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
